Meriden Gravure Co.,
Meriden, Conn.

Dear Mr. Peckham:

Your letter reached Santa Fe during my absence and as I was traveling about out on the Navaho reservation it was impossible for me to get any mail. I had just prepared another set of cards for Canyon de Chelly when I had a phone order for four cards from Silverton Colorado. So I am sending these with to-days mail, special delivery and I hope that this entire order can go forward rapidly. The Museum of Navajo Ceremonial Art is clamoring for their cards.

These prints of the new hotel at Silverton will have to be spaced as some of my old cards. They cannot stand trimming so leave a margin at the bottom of the card. Captions are included with the prints. The package is sealed and ready to go and I am just realizing that I did not put "Santa Fe, New Mexico" under my own name. Will you kindly add this? One or two of these captions are a bit long. They were ordered by the hotel manager, so if there is any extra charge on this, just let me know.

Trusting that everything is now complete, I am

Very truly yours,
