Mrs. Claire Rafferty,
427 E. St. Patrick
Rapid City,
South Dakota.

Dear Madam:-

Your postcard regarding color photographs has been received. I do not quite know what you refer to in the way of "color photos". If you mean hand colored black and white photographs, I do not make them. If you mean prints by color photography, they would have to be a special order and are quite costly. Dye transfer prints run from \$25.00 up. It is a difficult and costly process.

You do not give any indication of what you would be prepared to pay for such pictures. If you want inexpensive prints, I suggest getting a copy of the Magazine ARIZONA HIGHWAYS which carries excellent color reproductions. In the December last issue are two pictures of mine, and the current issue has some very excellent work in it.

I have done considerable color work here in New Mexico, but I do not have either reproductions or first quality color prints at this time.

If you can send me further information as to just what you have in mind, I shall be glad to see if I am able to send you what you wish.

Very truly yours,
