Mr. Earl Vance,
Grand Imperial Hotel
Silverton, Colorado

Dear Earl:-

The order and prints have gone off for the post cards. They will come to \$25. per 1000 F.O.B. Santa Fe. The shipping cost is high as you must well know and paper costs seem up a bit too. They should be ready within six weeks and I have asked for a rush on this order and it is for a full 30 subjects.

Here are the 16 prints for you and the four for Mr. Waddington.

I cant remember if I ever sent you a bill for the 8 prints ordered by your Dallas Miss (?) cant remember her name. The amount seems still on the books.

If you can order prints in quantities of 12 of one picture I can make them for you for \$1. ea. It is the time involved in setting up and running tests that puts up the cost on smaller lots.

We are off Monday for a Yeibitchai and will be gone about a week.

With best wishes to all

Sincerely
