

Sept. 6,
1952.

Dear Miss Williams:-

A short illness, unexpected work coming in have delayed my departure on this Navaho work trip and I am only just getting off Monday. This has caused nearly three weeks delay and has thrown me all off schedule. Will it be possible for you to substitute something else late this month and let me come along when it fits your schedule later in the year? I find also that I need to do some remounting on my Rio Grande Prints before they are ready to show again.

I regret being this long in letting you know and I hope that everything will work out all right.

With best wishes, I am

Sincerely yours,
