

Dear Anna Giepm: The photographs
 give much pleasure. My family
 agree that the One of my self (with Eliot Porter)
 is just right and Paul likes to have it
 around, I notice. If I take it down he
 puts it up again, which is the best test.
 The Indian dances brought back the day
 more sharply. If only I had been more brash
 and spoken to you! Thank you especially
 for sending these. Knows that I would like
 to have them. The landscape is beautiful,
 and brings back an altogether different sort
 of day and experience. Allegedly she was
 a wonderful packet you mailed in my direction
 and I send you my love and thanks
