Dear Miss Gilpin:

During the POTTERY DEMONSTRATION by Mr. Shoji Hamada, in the CRAFTSMANSHIP TODAY series of programs at the Museum of International Folk Art, your wholehearted cooperation in taking photographs of the proceedings was very much appreciated.

Upon being shown your photographs today, the three gentlemen stated that they were the finest photographs taken of them to date. Mr. Hamada was especially appreciative of you catching details of his demonstration.

Sincerely yours,

Frances R. Raynolds
(just to be properly formal!)
