Dear Laura:

Thank you for your letter of November 12th and the twelve prints of the hotel which arrived in good shape. In my letter of October 14th I asked for three prints of number 19. However, we will keep the other two as we shall no doubt have a call for them as time goes along.

The price was a little high on the 16 x 20 so we dropped the project for the present. It might be that in the spring we could get together again.

I do hope that you can get up this winter and get some snow scenes. Our little ski tow is already in operation and the mountains are spectacular.

Helen joins me in all best wishes to you and Miss Foster.

Sincerely,

Earl Vance
