This is to be the inscription. I will write on the picture.

My Dear Laura.

Please send me your bill for those delightful Christmas cards: "At 10 years of age".

I want to pay it now, because they were marvelous, and I want to keep my credit good with you! Since I will soon order some pictures of my Mother, for next Christmas.

How are you? I have just been looking again at your wonderful "Rio Grande". It is a great work, and I anticipate your "Navaho" work.

Let me know when it is published and the cost.

I have put above the inscription, I shall want to write on my Mother's picture - So, I shall need to have a card that will take ink perfectly, without running. I shall be glad to hear from you. I prefer the buff card - do you? your old Friend.

The picture will be post-card
size, to fit my envelopes.

(not a folder, as is enclosed picture - which please return after 9 days.)
