Dear Lema:

In December issue of "Arizona Highways"
you had a picture of "March of the Range".

I have written to the editor of this magazine
- he gave me your address.

I was wondering if you could tell
me who ranged or owned the horses
in the picture.

You see, I purchased a appaloosa horse
+ a little gray horse in southern
Colorado. I believe this is the horse
I bought. also there are 4 other horses
that resemble the ones closest to him.
I am curious + would appreciate
your letting me hear from you on
this. Thanking you
