Dear Madam:

Yesterday, thru the information from one of your acquaintances - Charles Glover - we saw two of your Dextone postals of the interior of the Grand Imperial Hotel which adjoins our store.

These postals are numbered 66555 and 66556 and are of the dining room and the lounge.

Our interest is in obtaining a supply of both of these for sale in our store to persons who might not go in to the hotel or might not see them while there, and we will appreciate your advising your price in various amounts.

Thanks, kindly !
