Box 693,
Albuquerque, N.M.

Dear Mr. Dickey:-

It was a very pleasant surprise to find the Conquistadora waiting for me on return from a Navaho field trip. I am delighted with the color reproduction, to me quite the best I have seen in your magazine, and I hope it is a forerunner of more fine things to come. Father Chavez is delighted with it as as you know is hoping to use it in his book. I notice that I have a "sponsor". I am interested to know more about it and if I should write them a letter.

I am just off again on another Navaho trip, hoping to finish up my Navaho book before the first of the year. I am sure I will have material to submit to you later.

In the mean time it occurs to me that I should like to send some CONQUISTADORAS for Christmas cards. Taken from the magazine and mounted on a nice white matt she looks even better. Can I obtain say twenty five or a few more copies and at what price? I will be home again about Oct. 1st so there is no immediate hurry, I just want to know if I can obtain them.

With best wishes and many thanks for your good work,
I am

Very truly yours,

lie's to Laura
