

June 20, 1953

Mr. Walter D. Forbes,
GRAND IMPERIAL HOTEL
Silverton, Colorado

Dear Mr. Forbes:-

For many weeks I have been hoping for some word from you but to date have had no answer to either of my letters regarding my account with the hotel.

I appreciate the fact that you are in the process of getting a new enterprise going and I have been glad to wait on part of the account, that is the work I did for you) which now runs from last October to date. The balance of the account as I have previously explained to you was money paid out by me for the manufacture of postcards from which I have derived no profit and was glad to do as a courtesy to the hotel.

I am needing these funds for my own work, and it has been necessary for me to borrow to cover the amount due me from the hotel. Therefore, from June 10, I shall be forced to add the bank's interest charge to my account with you.

I do hope that the summer is lining up well for you and that I may hear from you soon.

Very truly yours,
