Dear Gretchen:-

Here are the photographs for your Annual. I hope they are what you want. There are two of the river for your selection. One showing the junction of the Jemez river with the Rio Grande, the other the Rio Grande near Albuquerque. I hope that one of these will be what you want.

I also enclose two corn dances and seven 5x7 craft pictures. Make your selection and return what you do not need.

Making these to such special sizes complicated my end of this and took a lot of time. I shall have to charge \$6. ea on the two large ones and \$2. on the others. I hope that this will fit in with your budget.

Did you see Dr. Dutton and did she give you a lot of information and help on your project? I hope you saw her and she is the one who can help you on your work.

With best wishes for your success I am

Very truly yours,
