Dear Miss Gilpin:

We are in search of all types of photographs on the American Indian. We are particularly interested in color transparencies in:

1. 35 mm
 2. 2 1/4 by 2 1/4
 3. 4 by 5
- and 8 by 10 black and white glossy prints for reproduction.

We are an educational as well as a charitable organization, and our purpose in acquiring all types of photographs is to build up an archive that will be a rich source of material on all American Indian tribes.

If you know of any sources for such material, we would greatly appreciate any assistance in acquiring these or making our needs known.

Very Sincerely,

Yeffe Kimball, Vice President
