Dear Mrs. Gilpin:

It is two months ago I was ready to telephone this small request, when something happened and I forgot all about it till I took another look at the "dummy" I have made tentatively. Well, anyway the Oldest Church has been getting older all this time so why worry.

Anyway, from you I will need:

- ✓ 1 (one) glossy print of:

Man making adobes, or a pile of adobes or something or somebody standing by some adobes....

SIZE::

2 $\frac{1}{2}$ " x ..... or 2 5/8" x..... or 3 5/8" x.... this is the base.(of picture)

- 1 (one) glossy print or negative or both of:

The REREDOS of the CRISTO REY CHURCH...modern look.

Even that photo of wedding you took five months ago would be fine  
Base...SIZE 3 5/8" x.....

- 1 (one) Glossy print or negative of SANTA CRUZ as in Fig 91 of Kubler's .

1 " " " " " clear story window " " " 96 " " " .  
SIZE ..basewise...3 5/8" x .....

- 1 (one) glossy print or negative of EL RITO choir loft joists  
as in Fig 75 of Kubler's.

Size....basewise...3 5/8" x ....., or 2 5/8" x, or 2 $\frac{1}{2}$ " x .....

Mrs. Gilpin, I will probably call in person for these early in June.  
If you are not going to be available have them ready, and the price on them by that time.

Gratefully yours,

*Brother B. Lewis*
