Dear Laura Gilpin:

Yes — I want the Negro things
too. Don't bother to mail the prints —
I must go to town on the 16th. and
will get them with the negatives there —
unless you would be coming this way
or like to come late one
afternoon and spend the night. We might
try to photograph a couple of pictures
if you wish —

Send me a postal the day before you
would come so I can have a room warm
for you

Sincerely,

Georgia Kuyf

I am so pleased to have the greater prints
