Dear Laura Gilpin:

With this mail I send you some 25
more or less — negatives.

Will you make a print of each — and
when there are two or three negatives print
only the best. There may be a couple that you
get very little from — print what little
you can as I need them for records principally.

There is no hurry — If you have some
thing else to do at this time or if you are
on your way to Silverton or elsewhere print
them when you return — No of course I
would like to have them now —

Sincerely,
George F. Rupp
