Dear Laura:

Just a note regarding the summer show. Due to my imminent departure, I would like to get as much of the detail out of the way as possible and, if we can, endeavor to set up the date of the opening as close to the first of the month as seems feasible. Could you send on your prints immediately or as soon as they are ready?

Everything has worked out beautifully so far as the composition of the show is concerned. The Cartier-Bresson and Strand pictures are here so you will be in good company. Love and greetings from all.

Sincerely yours,

Mitch

P.S. -- We are seriously considering a catalog of the exhibition which would incorporate a limited number of reproductions of very high quality (similar in character to the reproductions in Ansel Adams' book, MY CAMERA BOOKS). In the event that our plans should work out, would you give us permission to incorporate one of your prints in such a folder?
