Dear Laura:

The Fabulous West exhibition to which you were kind enough to lend the three Navajo photographs, and do so much rush work, will be closing a week from Sunday, and I wanted to take this opportunity to report to you on its good results. We were very pleased that it was so well received - in fact about 131,000 people saw it during the two weeks of the State Fair (over 29,000 one big day!) - and many of these offered specific comments and compliments.

You should receive the photographs soon after the 7th, for we will get them off to you as soon as possible.

May I thank you again, both for the Trustees and personally, for cooperating on this exhibition, because, as you know, such support to our projects is vital for their success.

Sincerely yours,

Jerry Bywaters,
Director
