Dear Jerry:-

My prints have not yet come back. I hope they will be along soon, as I am needing them for an exhibition. I am glad to hear what a success the big show was and I only regret that I was not able to see it.

Having done a great deal of field work this fall, I have been very lax at my desk. I have just unearthed the order from the D.M.F.A. for 70 sets of postcards (no date) but I remember that it came in about the time I sent you the prints. I also remember packing the cards. I cannot find any deposit for these and it is quite possible that I have never sent in a bill for them. Just at the time I got your prints off I was working against time to get over to the reservation for a special date. Would you be so good as to check this for me?

With best wishes, I am

Very sincerely yours,
