New York

Dear Sirs:-

For some several weeks I have had the order to have a postcard made from the enclosed transparency. Busy days have kept me from several things I should have done. I am sorry that I have only one card on order but I hope you will have room to put it through speedily with some other order.

The caption as follows:-

Trout Fishing on the Brush Ranch
Pecos, New Mexico.

color transparency by Laura Gilpin.

The order is for 3000 cards and I enclose my check for \$30. for deposit on same. On such a small order, will you please send these by parcel post when ready.

Very truly yours,
