Dear Mr. Huffman:-

I certainly appreciate your very prompt work on the two enlargements. I presume that they will be here Tuesday. I had forgotten about Labor day, but even so, I was given such short notice by the Museum concerned, that I could not have done other than I did.

I enclose my check for \$20. to cover your charges and the parcel post. If the mail came to any more please let me know.

I am to see the concern here that wants a mural on Tuesday and hope the job will go through.

Very truly yours,

P.S. Sunday morning. The prints have just been delivered. On the whole a very satisfactory job, specially the Sangre de Cristo Range from the 8x10 negative. The Pueblo has lost a lot in the sky but I know I shouldnt expect what I can get in an 8x10 print. Again I thank you for your prompt and good work.
