Dear Mr. Lottinville:-

Until the arrival of the last issue of the Saturday Review, I knew nothing of my RIO GRANDE being on a remainder list. This was done absolutely without notifying me and I feel completely unjustified. I suddenly realize the position I am in. I did want you to know immediately that I knew nothing of this and I now realize that perhaps you did.

I have heard from Walter Freese and he wants to see THE ENDURING NAVAHO. I have some text ready to send in and as soon as it is a little more complete, I shall send it.

With best wishes, I am

Very truly yours,
