Albuquerque, N.M.

Dear Sir:- On May 12th of this year I had a communication from you regarding my estimated income tax for 1953. I sent in a check for \$75. based on an estimate as of the year 1952. As it turned out I did not pay any tax last year owing to a great decline in my type of work. In your letter of May 12, you requested a reply within fifteen days. I sent back the form immediately but to date I have not had the \$75. returned.

With my type of work which is entirely subject to assignments which come in from day to day, it is almost impossible to estimate what my income will be.

I will appreciate hearing from you regarding this matter.

Very truly yours,
