My dear Miss Helpin: -

Your book on the Rio Grande River was loaned me by the writer of the enclosed note, who is not to be blamed for calling me "McCallister". I am only the sister of her neighbor who comes in occasionally from Texas.

I know two of my sons will love the Rio Grande for birthday presents. They know the Texas end of it - travelled in the Big Bend, fished at Port Isabel and their father loved it too - As a

native Coloradoan I know some-
what of the Cued and San Luis
Valley portion - and some day
will see it in New Mexico.

I should appreciate it if you
would tell me if your book on
the Navajos is out yet and
its price. I shall give myself
a birthday present of that.

I hope the postage included
is sufficient - The addresses
are given on a separate slip

Yours sincerely
