Dear Laura:-

I am writing you again hoping that this letter will reach you. The two or three letters heretofore written you apparently have not been received by you. This is my last try this route. I do want to return to you the gold coins. Please advise me to what address I should send them.

Mrs. Morgan and Skipper are doing fine. Our new address is 7171 Kenny Lane, Dallas, Texas, but for purposes of replying to this letter, I am enclosing a self-addressed envelope.

Very truly yours,

Jno. P. Morgan
