COLORADO SPRINGS  
COLORADO

April 12, 1954

Dear Miss Gilpin:

It was wonderful of you to come through so splendidly after my appeal for the Gish negative the other day. The bill should be sent to the Central City Opera Association. If it is not paid in due course let me know and it will be paid. Let me know, say, if you have not been paid by the middle of May.

I wonder if you recollect anything amusing or colorful occurring while you took those Gish pictures? I have to write 12,000 words on festival development and a Gish anecdote, or anything illuminating physical or emotional conditions during the staging of Camille would be a very great help. Should anything come to mind would you jot it down and send it along to me here?

I hope everything goes as well with you as you deserve--

Yours--

Marshall
