MISS DARLINE M. BEKKEDAL  
514 - 19th Street N.W., Washington 6, D. C.

Dear Miss Gilpin:

I am still on the program committee at the Auto club and at a meeting the other night plans were discussed for programs this fall. They want a photographic program on either Thursday, October 6<sup>th</sup> or October 13<sup>th</sup> (Thursdays are our regular club dinner with program following.) I remembered you said you would show the Auto club your slides and wondered if your visit here would hit either of those dates. This is so far ahead that it may be difficult for you to say. If there is a possibility of your being here for either one I can keep it open for you until later in the summer, but as the Literature group is to have

the other Thursday night I  
would like to be able to tell them  
which one to plan on.

I am so glad the portfolios  
arrived O.K. and I thank you  
for the compliment on the condition  
of the prints. I, personally, feel  
that a fine salon print should  
be cherished so try to protect them  
in every way possible - even so  
unforeseen accidents can happen;  
and I'm glad nothing did mar  
them.

Sincerely,

Marlene M. Bekkedal
