

THE AMERICAN MUSEUM OF NATURAL HISTORY

CENTRAL PARK WEST AT 79TH STREET

NEW YORK 24, N. Y.

KATHARINE BENEKER
Exhibition Coordinator

November 2, 1955

Miss Laura Gilpin
Box 1173
Santa Fe, New Mexico

Dear Miss Gilpin:

This is to confirm our conversation of October 31 at which time we arranged to hold an exhibition of your Navaho photographs in our Corner Gallery from November 1, 1956 to January 7, 1957.

According to our agreement, you will be responsible for the transportation of the photographs to and from the Museum. And you will send us label copy for each picture as well as general information which may be used for publicity purposes, plus about six glossy 8 x 10 prints.

We will make the labels, hang the exhibit, and send out releases to newspapers and magazines.

I have given Dr. Weyer the dates of the exhibit in hopes that he might want an article for NATURAL HISTORY at the same time.

It was a pleasure to see you again and both Mr. Reekie and I are so enthusiastic about your photographs and that we may have them here. By the way, what would you like for the title of the exhibition? We should know by next June because so many of the magazines, which list exhibits, work months in advance.

I shall look forward to seeing the published book and hope it can coincide with the exhibition here.

Sincerely yours,

Katharine Beneker
