

TOWLE MANUFACTURING COMPANY **SILVERSMITHS**
NEWBURYPORT, MASSACHUSETTS

November 29, 1955

Miss Laura Gilpin
Box 1173
Santa Fe, New Mexico

Dear Miss Gilpin:

By now we hope you have been home for a few days, and had a chance to rally round a festive board with friends over the Thanksgiving holiday. Bill Ford and I were thinking about you the other day when we were reading accounts of bad storms out around your section of the country. We did hope that you arrived safely home without any mishaps.

We enjoyed your visit here very much, and Bill considers it quite an honor to have helped you during your stay. We are indeed looking forward to seeing the photographs of the shop when you are finished with it.

Chuck mentioned that he had spoken to you about the films and bulbs so that those can be forgotten and when you are ready to bill us, I would appreciate your sending it directly to me so that we can put it through in short order. I am enclosing a bill for the light meter, which I paid in full on November 3.

Again, awfully nice meeting you and I hope our paths will cross again.

Cordially,

John L. Farrell
