Dear Sirs:-

The Grand Imperial Hotel of Silverton, Colorado, has just written to request reprints on some of the postcards we made for them two years ago. As their request for 5000 cards, instead of 3000 or 6000, I have written to determine the exact quantity they wish. While I am waiting for this reply will you kindly let me know at once if it is necessary to have the original transparency again?

Two other jobs I am to do should be ready soon for me to make the transparencies and these should be sizable orders.

Very truly yours,
