

Sept.1

Mr. John L. Howarth,
The Lovelace Foundation
Albuquerque, N.M.

Dear Mr. Howarth:-

Thank you very much for your kind letter. Tuesday Sept. 13th would be very satisfactory for me for the judging, but if the 14th would be better for you, that would be all right with me. Which ever evening you wish. I will keep both clear. I certainly appreciate your offer to come to get me and also bring me home. That seems a lot of driving for you but I hope you can't divide it. It will be very nice to have the time to talk. I am afraid I shall have to come home that same night. However, I do not imagine that the judging will take too long, though I may be wrong on this. Things usually narrow down pretty quickly, & I do not imagine that there will be a great quantity of work in, at least there wasn't the other time I was a judge at the Fair.

If you will kindly drop me a line as to whether the 13th or 14th is best for you, you may need that extra day getting work assembled, I will be ready for either you or Mr. Harper at 5.

I am looking forward to meeting some of the members of your club and seeing the work you are doing.

Sincerely yours,
