Dear Sirs:-

About two years ago I sent you and inquiry regarding fine color reproductions. At last I have something that looks hopeful towards a real job. I have made a set of transparencies for the Museum of Navajo Ceremonial Art of the hand wove ceremonial rugs at this Museum. These have been sent to France where, I believe they will be reproduced sometime this year. The Museum also wants some good postcards of these. I may have to make more transparencies as we do not know when the first set (4x5s) will be returned.

I seem to have misplaced your letter of 1953, but it is quite possible that quotations of that year have changed. So will you be so kind as to send me a quotation on postcards of these textiles in lots of 2500 and 5000 each of twelve different subjects. I hope that a good order will materialize out this and it would make me happy to have your fine cards.

Very truly yours,
