

July 9,
1955.

Mrs. George W. Lloyd,
Mount Vernon Seminary,
Foxhall Road,
Washington 7, D.C.

Dear Mrs. Lloyd:-

Your letter of July first came several days ago and was awaiting me after a short field trip.

I should be very happy to show my Navaho slides and give the story for you on October 13th, if that date would be best for you. I am showing them to the Arts Club of Washington the evening of the 6th and I think twice in one day would be a bit too much.

I assume that your assembly room can be made totally dark. Color slides are ruined by any stray light. I have my own projector and signal so that all I need is a screen and an operator. The latter I am finding is difficult to obtain, and if you have anyone who is accustomed to operating a standard size projector (3 1/2 x 4) it would be fine, or perhaps I shall have found someone in Washington to operate for me for the several showings I have scheduled.

I hope that the pictures will meet your expectations, and that you will all enjoy them.

Thanking you very much, I am

Sincerely yours,

I shall arrive in Washington by October 3rd and will see you soon after.
