New York City.

Dear Sirs:-

In behalf of a friend of mine whose sister died a few months ago, I wish to enquire as to the enclosed sample of paper. This friend has quite an amount of this and wishes to dispose of it. She does not know if this is a pre-war paper or not. It seems that the company from which it was purchased is no longer in business.

Would you be so kind as to send me what information you can and the current value on the paper in 100 sheet lots?

Thanking you very much

Sincerely yours
