Dear Mr. Pettingell

I have been unable to find
my monogram die. Sorry, as I should have liked
to use it.

Here are a lot of Rio Grande prints, many ones
used in the book, some not used.

19 from Colorado
22 from New Mexico
30 from Texas and Mexico.

These prints are for your selection, they are
not ready for use as quite a few must be spotted.
When you pick out what you want, I will get
them ready for you.

Matters are moving on my Navaho book and I go
east about it about April first. So much to do
before then (80 days left!) that I shall have
to postpone the Indian art fund article until
my return. There just seems to be too much to
do and so little time to get it all done.

With best wishes,

sincerely yours,

19	"	I	Colorado
