Dear Mrs. Schollenberger,

Thank you very much for your so prompt answer. It is always good to hear from you. First about the Indian paintings, I suggest you write to Charles Barrows, Artists Exchange, 724 Canyon Road, Santa Fe. He has many fine silk screen reproductions of Indian Paintings, very reasonably priced of of exceptional quality. I think he also carries originals of several artists. Also Mr. Woodard, (M.L.), Woodard Craft Shop, Coal Ave, Gallup N.M. carries paintings. And then Hester Jones here at the Art Museum has a good lot of work of various artists. The work of Joe Aguliar, San Ildefonso is very interesting. A mixture of true Indian with Anglo influence. I have a beauty of his. Sometimes uneven, but a lot of good work. He has won a lot a prizes.

Now, as to my slides, I would love to have a show in Wichita if we can arrange a date. This is a little hard for me to determine right now, but I suppose I might just as well set a return date right now. I also have one lining up in Kansas City. My guess at the present is about Nov. 12 to 15th. Would some time in that bracket suit you? I will have my portfolio of prints with me and perhaps I can send some on ahead. Also can send something for publicity.

Needless to say am knee deep right now getting ready to take off. If I should come through Wichita on my way east will surely stop to see you. I am taking Betsy up to Colorado Springs on the 18th and after some portrait work there will take off for Washington about the 26th or 27th.

Best of wishes,

MAYDE G. SCHOLLENBERGER
