Miss Margaret Speer,  
The Shipley School  
Bryn Mawr, Pa.

Dear Miss Speer:-

At last definite plans are under way for my trip this fall and I am making up a schedule. So if you still want to see my Navaho slides, I shall be most happy to arrange a date that suits you. I am planning to leave here about September fifteenth stopping one or two places on the way. The first date now definite in the east is Oct. 4th at the Potomac school. Then I have other dates in that area on the 6th and 13th. About the 15th or so I shall be heading back to New York. So any time after that I could come to Bryn Mawr.

While I felt dreadfully last spring when I had to postpone this trip it now seems it was all for the best. Recent additions to the slides have greatly improved and rounded out the story and I know they are much better and my talk better organized because of the additions.

With best wishes to you, I am

Most sincerely
