Dear Miss Gilpin:

I am sorry your letter of July 13th has remained so long unanswered, but I have just returned from a summer abroad. May we have the pleasure of welcoming you here on October 10th at one o'clock, at which time Grades 4 through 8, numbering about 150 children, with any of their parents who are free to come, will, I know, enjoy a rare treat.

We will be able to arrange for an hour showing, which I know is much more proper for a subject as fine as yours. I regret that it is not possible for us to assemble our entire school, either as to space or time schedule, and as these elementary and junior high school students are studying American history, I know they will be especially thrilled with your pictures of the Southwest and the Navajo.

Looking forward with such pleasure to seeing,

Very sincerely yours,

Katharine Lee

P.S. Connie Terrell has been visiting me - you may remember visiting her house with Pinky.
