We were both thrilled, Miss Gilpin, when we opened the package from Santa Fe and found the Navajo photograph - such exquisite detail! We're proud to have an original by Laura Gilpin and thank you so very much.

I was given your, "Rio Grande", as a birthday present this year and I enjoyed every page of it. I'm also looking forward to seeing your new book, do you still plan to have it printed in Europe?

Please give my regards to Miss Forster and whenever you're in Denver we should like very much to have you give us a call. We have an unlisted telephone at our apartment, AC2-2305. Our thanks again for the terrific photograph.

Kindest regards,

Jeri Mitchell
