Dear Miss Gilpin,

Thank you very much for your letter. We are distressed to learn of the difficulties that you have been having and the girls will be disappointed that you cannot come this spring. However, our present disappointment will be very much mitigated if we can count on having you in the fall.

Will you let us know later on - there is no hurry - when you think you might be in the East after the summer. We hope very much that you can come to us then and would be glad to discuss dates with you when you are surer about your plans.

I hope Miss Forster will be well soon and that the book will go swimmingly in these last months.

With all good wishes,

Very sincerely yours,

Margaret Bailey Speer
Headmistress
