Dear Miss Gilpin:

On behalf of the Tucson Fine Arts Association we want to thank you for the loan exhibit of your fine photographs of the Navajo and Pueblo people. As you know, they were hung at our Indian Show and proved to be a great addition to the show. They were very well received by the general public and the comments were most complimentary.

Enclosed is a clipping from the Tucson Daily Citizen, Tucson's evening paper. I understand that Mr. Alfred Cohn is sending other clippings concerning the exhibit.

We hope that your photographs will arrive in condition. Thank you again for your interest and your trouble in sending them.

If you are ever in Tucson please visit our gallery as we would like very much to meet you.

Sincerely yours,

Winifred Wise
Executive Secretary
