

TOWLE

MANUFACTURING COMPANY SILVERSMITHS
NEWBURYPORT, MASSACHUSETTS

15 December 1955

My dear Laura:

We were very happy to have your letter of 6 December telling of your safe arrival home. But we were very sorry to learn of the rather unusual circumstances attending your trip.

We are happy that you feel the Towle pictures will be all that you hoped for. And to meet the standards you set for yourself that means plenty.

As you know, Margret came home the day after your departure and has shown good gains except when she over-extends herself. Apparently none of us has a monopoly on that characteristic.

The work shop is at long last finished and a good deal of the paraphernalia is moved in. It is a very pleasant spot and I know will provide an environment for some very sparkling results.

Our extra special greetings to you at Christmastime and we hope we shall be seeing you before too long.

Yours,
