Dear Miss Gilpin:

It was such a pleasant surprise to meet you in Santa Fe and I greatly regret that I could not stay to see your Navajo pictures. We were there such a short time and my friends are not at all interested in Museums, etc., so that I felt I could not impose on them.

Our publicity department is hounding me for information about you and your exhibition because they are already sending out notices to magazines which are made up far in advance of publication. We have decided to call the exhibit, "The Navajos", for want of a better title.

Can you send me at once some descriptive material about the pictures, as well as a few 8 x 10 glossies for the newspapers?

I would like to have the whole exhibit, including label copy (which we will make into labels), by the first of October at the latest.

Will you let me know soon whether we can count on that date?

Sincerely yours,

Katharine Beneker
