Dear Miss Gilpin:

Your exhibition does indeed do credit to the Museum and looks very handsome. We were able to hang only forty-seven prints which made it extremely difficult in choosing the ones to eliminate. However, that is all our Corner Gallery holds.

I am astonished by your information from Mr. Collier about our sales because we are not allowed by our charter to make any sales from our exhibits. If there are inquiries we always refer them to the artist, but these are rare. Nevertheless, I am pleased to have your price list in case any one does ask, and we would of course refer them to you.

When you come to New York will you let us know where you are staying and how you may be reached? And please get in touch with either Judy Schwartz or myself. Mrs. Schwartz has done the publicity for your exhibit and would like to show you the results, and I want to thank you personally for the exhibit.

Sincerely yours,

Katharine Beneker
