Dear Miss Gilpin.

Thank you for your letter & the contents. I am sorry this misunderstanding occurred but there is just no indication in my order that I wanted anything but the negatives as they were. The notations on the picture & envelope could hardly have been confused with the order as they are in Ben Abbott's writing with a query (?) after them & one has many more numbers mentioned than in the order. Unfortunately I have just

packed with the extra print as I
waited 2 months to see if you
wished it back - I am enclosing
\$1 to cover the extra packing &
postage which we feel is fairest.

Yours very sincerely,

Boyd Cherry.
