Dear Miss Gilpin:

I have just received the photograph of the "Don Pedro" wood carving. Your analysis of the photograph appears quite correct to me.

It is true that there is a lack of sharpness on the base. I would suggest that you try making a 10" glossy print. In making the enlargement, I would also suggest that you crop as much as possible so that the figure takes up the entire picture.

Thanks again for your excellent co-operation.

Very sincerely,

Philip Desind
