Dear Mrs. Abbot:-

Within the next week or ten days Mr. Mitchell A. Wilder of Colonial Williamsburg will call for all my Navaho material. That may sound like a far cry from here, but Mr. Wilder used to be director of the Colorado Springs Fine Arts Center, (C.S. is where I was born), and he is very familiar with this country. He wants to see the material and may have a real lead for us. So if you will please turn it over to him I will be very grateful. I have just loaned him the use of my Navaho color slides for a talk, and I shall eagerly await his reaction to the whole thing.

I still have some other strings to my bow. Mr. Holme wrote me that what he wants is a guarantee for 2500 copies. I have some thoughts on this also. But first we will see what Mr. Wilder has to say.

With best wishes,

Very sincerely yours,
