Dear Mr. Carlson,

Your letter reached me only yesterday. Before I send you the transparency IN-28, I'd want to see the quality of reproductions you are having made. I wrote in some months ago ordering a few, but I have never received them.

You have me in a difficult position. There is the possibility of some color being used in my Navaho book, and this is one of the possible ones. Also, as I have done considerable lecturing with my entire Navaho series, I cannot go out otherwise. Would you be so good as to send me at least one copy of this particular slide and also about four of Ansel's/ and bill me for these? This is what I ordered shortly after you began this series. My order must have gotten lost.

I hope you understand my position. I have many other Navaho transparencies but this 35mm slide business has prevented my sending any in.

Very truly yours,
