COLOR CLASSICS:-
Tucson, Arizona.

Dear Sirs:-

I have had a request from a friend of mine in Colorado regarding duplicate transparencies of both 35mm and 3 1/4 x 4 sizes. There would be about 100 transparencies, 80 35mm and 20 3 1/4 x 4. Would you please send me a quotation on this. These are all wild flower subjects and the order might be for only the 35mm as I have offered to sell my originals which are now on a special display. There has been a request for a duplicate set of the whole display. They want the best possible duplicates. I would appreciate an early answer and quotation, and I hope the job will go through.

Very truly yours
